For: Composition of Matter Comprising a Lanolin Free Absorption Base and Method of Making

ELECTION

Assistant Commissioner of Patents  
Washington, D.C. 20231

Sir:

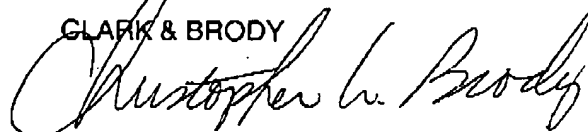

In response to the Office Action dated January 17, 2007, Applicants elect the Group II invention, method claims 6-9, 17-21, and claims 26, 27, and 37-41.

The Examiner's attention is directed to the Preliminary Amendment filed on September 26, 2003 that accompanied the application as part of the filing. This amendment added new claims 22-41 as part of removing the multiple dependency of the original claims. Thus, the method claims in this grouping of claims are included in the elected Group II invention.

Please charge any fee deficiency or credit any overpayment to Deposit Account No. 50-1088.

Respectfully submitted,
